

Managing Successful Programmes (MSP®)

Accredited practitioner course

Course Information

Introduction:

This five-day accredited course introduces participants to the MSP® (Managing Successful Programmes) approach to programme management and allows them the opportunity to achieve the recognised MSP® foundation and practitioner qualifications. The course reviews the principles, governance themes and the transformational flows process of PRINCE2®. The course will use a mix of lecture, group work and self study to enhance the individual's learning.

Who Should Attend:

- Programme managers, project managers and business change managers working within programmes responsible for delivering capability change in organisations
- Senior managers who are sponsoring programmes within their organisations.
