

PRINCE2® Project Management Overview

Course Information

Introduction:

PRINCE2® is a process-based approach for project management providing an easily tailored and scalable method for the management of all types of projects. The method is the de-facto standard for project management in the UK and is practiced worldwide.

This one-day PRINCE2® overview introduces participants to the value, principles and general content of the PRINCE2® project management methodology. The course will address the benefits of using PRINCE2® and will review the processes and key themes.

Course Duration:

1 day

PRINCE2® is a registered trademark of the Office of Government Commerce in the United Kingdom and other countries. The Swirl logo™ is a Trade Mark of the Office of Government Commerce.
