

PRINCE2 Practitioner Workshop

Workshop Outline

Introduction

This three day intensive workshop is an Association for Project Management Group (APMG) Accredited Course, which covers the elements contained in the APMG Syllabus for the PRINCE2 Practitioner Course. The examination is on the morning of the 3rd Day.

This Workshop allows those who have previously passed the PRINCE2 Foundation Exam to review in detail the PRINCE2 processes, components and techniques and to apply their knowledge of the PRINCE2 methodology to project scenarios.

The workshop will use a mix of tutorial, group work and self-study to enhance the individual learning including the use of mock exam papers to familiarise participants with the Practitioner Exam. During the workshop attendees will be required to carry out approximately 2 hours evening study.

The Practitioner Exam

The Practitioner is a three hour objective testing examination consisting of a project scenario with questions on 9 syllabus area to answer, all of which must be attempted. It aims to test that, *thinking as a project manager*, the candidate can apply the PRINCE2 method to a business situation. It is an open-book exam with a 50% pass mark and is held on the Friday morning.

Prerequisites

Attendees must have previously passed the PRINCE2 Foundation Exam and have their own current copy of the PRINCE2 manual (Managing Successful Projects with PRINCE2).

There will be a programme of pre-workshop self-study (approx. 8 hours) using the PRINCE2 manual. Attendees will be sent a study framework to assist them with this activity and will be supported by a help line (email or telephone) if required.

Agenda (first 2 days)
